

Good Morning Everyone;

Attached is the agenda for the August 13, 2020 Planning Commission hearing where the Cape Meares Loop Road project proposal and Kingfisher Apartment project proposal discussion will resume. The Kingfisher Apartment project is first on the agenda and the Planning Commission will go straight into deliberation and decision. They will then move on to the Cape Meares Loop Road project discussion for deliberation and decision. Public testimony will not be taken as the testimony portion of both hearings has already closed.

I wanted to be sure to get everyone the agenda early so that the agenda can be provided to communities in the event that community members would like to listen to deliberations and decisions at the hearings.

The teleconference call-in information is included on the agenda. A link to the livestream is also on the DCD homepage.

All Planning Commission hearing materials will be posted at the end of the business day today on the planning page of the DCD website as generally performed 7 days prior to the hearing.

Please let me know if you have any questions.

Sincerely,

Sarah Absher, CFM, Director
Tillamook County Department of Community Development
